5. (Confidential - GLC) Having obtained the approval of General Carter, I met with Mr. George E. Evans, on the staff of the House Appropriations Committee, and gave him a background briefing on the "Matthias report" for the information of the Chairman. I emphasized that this was regarded by the Agency as a "think piece" and did not in any way constitute an accepted position or policy of the United States Intelligence Board, CIA or the Administration. I also left with Mr. Evans a copy of the Official Use Only print of the report dated 5 June 1964 without Dr. Kent's covering memorandum. Mr. Evans thanked me for this information and said while he had not received any inquiries from Committee members on this it was quite possible that he or Mr. Michaels would be consulted.
